

## Salesforce Services Offering

---

CloudTech is a Global Salesforce Partner that offers vast consulting and professional services to drive your success and growth on the Salesforce platform. It is led by a team of Business Analysts, Solution Architects, Project Managers, Developers, Implementers, and QA Professionals, who are all Salesforce certified!

### **Full Onboarding Services**

Using our unique CloudTech Connect concept and work processes, we lead the way through the entire Salesforce onboarding process, from the first engagement to Go Live.

### **QuickStart Packages**

- **Pardot**  
Let our Pardot experts lead you through all stages of a full marketing automation program, which begins with building and planning a tailored marketing strategy through defining your company's scenarios, scoring and the connection to the Salesforce environment.  
The QuickStart package includes consulting and hands-on implementation through weekly call meetings for a two month period in order to maximize your marketing automation system and train your org's in-house marketing position.
- **Sales Cloud**  
The Sales Cloud package is well suited for startups and SMB's that are looking for a quick deployment of their sales operation. We provide guidance and expertise on how to best leverage Salesforce to support your business processes, and avoid costly mistakes.
- **Service Cloud**  
The Service Cloud package is designed for companies with a light weight support operation and are looking for a rapid deployment. You'll be up and running in 14 days! We lead the way with the implementation of best practices centered around usability and data quality.

## Salesforce Ongoing Consultant

CloudTech consultants bring a proven, real-world understanding of how organizations use the Salesforce platform to create incredible transformations for customers, partners, and employees. Our consultants ensure that your Salesforce implementation will boost the working experience in your organization under the Salesforce best practices.

We specialize in a variety of Salesforce core products including Pardot, Sales Cloud, CPQ, Services Cloud, Community Cloud, Analytics Cloud, Lightning Experience, Salesforce1 Mobile, and AppExchange solutions.

## Marketing Automation

CloudTech marketing professionals have years of experience with all major marketing automation platforms (i.e. Pardot, Hubspot, and Marketo) to provide you with the right answers and assist you in each and every step of implementation to grow your pipeline and generate better leads by enabling your marketing team to create, deploy, automate and manage marketing campaigns online.

## Salesforce Integration

CloudTech's highly skilled consultants help you identify and connect your accounting systems, ERP (Netsuite, Priority, SAP business one, Hashavshevet, etc.), content management platforms, social media platforms, and any on-premise or third party software. Our development team specializes particularly in integrating Salesforce with other systems.
